RE: Site Inspection, Rocanville/Wing Joint Venture, Levin Stone #2 Mine, S/027/087,  
Millard County, Utah

Date of Inspection: June 19, 2001  
Time of Inspection: 12:00 – 2:00 p.m.  
Conditions: Sunny  
Participants: Larry Garahana, Sheri Wysong, and Lori Bryant, BLM; Craig Sanders and Quinton Sahartian, University of Utah; Tom Munson, DOGM

Purpose of Inspection:

After I GPS'd Mert Hamilton's building stone quarry, Levin Stone #2 project, we walked the perimeter of the site and took out two areas that are undisturbed that are in the perimeter of the site. There is one small island quarry that Mert said he would have reclaimed or regraded by the next evening (June 20<sup>th</sup>), in order to reduce his acreage. It is questionable whether or not he is under the five acre limit. This will have to be determined based on the GPS information.

There are four GPA files associated with this inspection.
